Case Definition

Confirmed Case

Any individual^(A) with confirmatory laboratory evidence of *Candida auris* based on a culture or a culture independent diagnostic test (CIDT) (e.g., polymerase chain reaction).⁽¹⁾

^(A) The individual would be considered a case regardless of whether the isolate is from an active clinical specimen or that used for the purpose of screening for colonization.

Reporting Requirements

Laboratories

All laboratories shall report all positive laboratory results by mail, fax or electronic transfer within 48 hours (two business days) to the:

- Chief Medical Officer of Health (CMOH) (or designate), and
- MOH (or designate) of the zone.

Alberta Health Services and First Nations and Inuit Health Branch

- Report outbreaks only using the [Alberta Outbreak Report Form](#).
- Completion of a Notifiable Disease Report is not required.

Appendix 1: Revision History

Revision Date	Document Section	Description of Revision
October 2021	General	• Updated Template • Added web link for Outbreak Report Form
