Guide for Outbreak Prevention & Control in Acute Care Sites

August 30, 2025	Section
Reference to viral respiratory illness rather than respiratory illness.	Throughout
Guide condensed into 4 sections (Section 1: Outbreak preparation, Section 2: Identity and report outbreaks, Section 3: Viral respiratory illness outbreak control, Section 4: Gastrointestinal illness outbreak control).	
Outbreak Management Team Meeting Agenda moved to webpage as a standalone document. Remains linked in guide.	
Outbreak Checklist for Discussion at OMT meeting moved to webpage as a standalone document. Remains linked in guide.	
Table 2A: Signs and symptoms to monitor for in patients and HCW/staff updated.	Section 2.1
Removed COVID-19 references and links that are no longer applicable.	Throughout
Clarified that prevalence testing is determined by OMT. Removed specific guidance for COVID-19 outbreak duration with prevalence testing.	2.4
Updates to incubation periods for COVID-19 and Enterovirus/Rhinovirus.	Appendix C
