

INDEPENDENT CONTRACTOR AGREEMENT

This Independent Contractor Agreement (this “Agreement”) is made effective as of September 10, 2025 (the “Effective Date”), by and between Aberdeen Advisors LLC (the “Company”), and Stealth EA, (the “Contractor”). The Company and Contractor are each a “Party” and shall be collectively referred to herein as the “Parties.”

This Agreement sets forth the terms and conditions under which Contractor will provide certain Services (as defined below) to Company from time to time on an independent contractor basis.

In consideration of the mutual covenants and agreements of the Parties herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. DESCRIPTION OF SERVICES. Beginning on the Effective Date, Contractor will provide, as an independent contractor, the following services (collectively, the “Services”):

- Perform services as described in the statement of work between the Company and their Clients where the Contractor is listed as a resource.
- Advise the Company and its clients on technology related questions.
- Create Client collateral and support development of deliverables as outlined in Client statement(s) of work.
- Support the Company in pursuit of new Clients and business.
- Provide support in the identification and recruitment of additional contractors for the Company; and
- Other services as may be mutually agreed upon by the Parties. Furthermore, Contractor has the right of control over how Contractor will perform the Services, and will do so to the best of its ability and experiences, using Contractor’s best efforts, in accordance with applicable state and federal laws. The Company does not have this right of control over how Contractor will perform the Services.

Contractor will also provide any equipment or materials necessary to provide the Services and the Company is exempt from having to furnish such equipment or materials.

The Company has no right to assign Services to Contractor other than as specifically contemplated by this Agreement.

2. PAYMENT FOR SERVICES.

(a) Invoiced Payments. Contractor shall invoice the Company for all Services performed or provided by Contractor during the immediately prior month pursuant to this Agreement, in accordance with its terms. In consideration of Contractor’s performance of the Services in accordance with the terms of this Agreement, the Company will pay Contractor a base of \$125/hr for Services performed, unless otherwise agreed by the Parties in writing within 15 calendar days following the Company’s receipt of Contractor’s invoice. Contractor’s invoices are due on the 15th calendar day of each month during the term of this Agreement.

No other fees and/or expenses will be paid to Contractor, unless such fees and/or expenses have been approved in advance by Simon Huleatt, Phil Read, or other Company Officers (collectively, "Authorized Officer") in writing. Contractor shall be solely responsible for any and all taxes, Social Security contributions or payments, disability insurance, unemployment taxes, and other payroll type taxes applicable to such compensation.

3. **TERM/TERMINATION.** A regular, ongoing relationship of indefinite term is not contemplated. Either Party may terminate this Agreement and Contractor's engagement hereunder at any time with or without cause by giving fourteen (14) calendar days written notice of termination to the other Party. Upon termination, Contractor only will be entitled to receive (1) compensation for Services performed and invoiced prior to the date this Agreement (and Contractor's engagement under this Agreement) are terminated, (2) approved and authorized expenses incurred on or before the date this Agreement is terminated.

4. **RELATIONSHIP OF PARTIES.**

(a) It is the essence of this Agreement that Contractor is a self-employed independent contractor and that the relationship between Contractor and the Company is that of independent contractor. Any contrary final determination by any Board, Tribunal, Agency, or Court of competent jurisdiction shall require the amendment of this Agreement (and the parties hereto agree that this Agreement shall automatically be amended) in any way necessary to establish and create an independent contractor relationship.

(b) The arrangement contemplated by this Agreement is one of an independent contractor and does not create nor is it intended to create any employment relationship between the Company and Contractor or any of Contractor's employees or agents. Contractor and its employees and agents are not entitled (and specifically waive any right) to any benefits, benefit plans, rights or policies applicable or offered or available to any employees of the Company, including but not limited to worker's compensation, unemployment insurance, health insurance, life insurance, profit sharing or pension, vacation, disability benefits, paid days off or sick leave. Nothing contained in this Agreement shall be construed to entitle Contractor or any of its employees or agents to participate in any benefit program or plan of any nature whatsoever which the Company provides for its employees, even if a Court, Agency or Tribunal re-classifies Contractor or any such person as an employee, except for those programs or plans, if any, which affirmatively allow for participation by individuals designated by the Company as independent contractors.

(c) Contractor is responsible for providing its own liability insurance, workers' compensation insurance, unemployment compensation and insurance with respect to Contractor and any employees or agents Contractor retains to assist Contractor in the performance of any Services under this Agreement, and Contractor will pay all wages and compensation owed to any such employee(s) or agent(s). Contractor will supply the Company a certificate of coverage setting forth proper Workers' Compensation and other legally required insurance benefits by an authorized carrier as and when requested.

5. **COMPANY'S CONTROL.** The Company has no right or power to control or otherwise interfere with Contractor's mode of effecting performance under this Agreement. The Company's only concern is the result of Contractor's work, and not the means of accomplishing it. Except in extraordinary circumstances and when necessary, Contractor shall perform the Services without direct supervision by the Company.

6. **PROFESSIONAL CAPACITY.** Contractor is a professional who uses his or her own professional and business methods to perform services. Contractor has not and will not receive training from the Company regarding how to perform the Services.

7. NO LOCATION ON PREMISES. Contractor has no desk or other equipment either located at or furnished by the Company. Except to the extent that Contractor works in a territory as defined by the Company, his or her Services are not integrated into the mainstream of the Company's business.

8. NO SET WORK HOURS. Contractor has no set hours of work. There is no requirement that Contractor work full time, but hours worked should be tracked and reported on a weekly basis to Company.

9. EXPENSES PAID BY CONTRACTOR. Contractor will invoice the Company for reasonable and necessary business expenses in accordance with the Company's policies or the policies outlined by the appropriate Client.

10. OWNERSHIP OF DATA, INFORMATION, AND DOCUMENTS.

(a) Contractor acknowledges and agrees that the Company shall have all rights, title and interest in and to all materials, resulting from any Services performed under or in connection with this Agreement, including without limitation, any and all software (including object and source code), computer system designs, documentation, know-how, trade secrets, inventions (whether or not patentable or reduced to practice), improvements, processes, developments, materials, or data that Contractor makes, conceives, or devises, either solely or jointly, both as individual items and/or a combination of components, as a result of or in connection with the Services performed under the Agreement (collectively, the "Work Product"), to the maximum extent permitted by law. All the foregoing shall be deemed to be a work made for hire and made in the course of the Services rendered hereunder. All right, title, and interest in and to the Work Product, including but not limited to all copyrights and patent rights, shall vest in the Company, and Contractor shall not have any right, title, or interest in or to such Work Product. To the extent that title to any Work Product may not, by operation of law, vest in the Company or such Work Product may not be considered work made for hire, Contractor hereby assigns and shall assign to the Company all right, title, and interest therein to the maximum extent permitted by law. All Work Product shall belong exclusively to the Company, with the Company having the right to obtain and to hold in its own name, copyrights, registrations, or such other protection as may be appropriate to the subject matter, and any extensions and renewals thereof. Contractor agrees to give the Company and any person designated by the Company reasonable assistance, at the Company's expense, required to perfect the rights defined in this Section. Unless otherwise requested by the Company, upon the completion of the Services to be performed under the Agreement or upon the termination of the Agreement, or at the Company's request, Contractor shall immediately turn over to the Company all Work Product, and all copies thereof, developed pursuant to the Agreement. All Work Products reduced to tangible form, including any deliverables, shall bear the Company's copyright and trade secret notices, or such other proprietary notice the Company may specify. Contractor shall not possess any interest, title, line, or right to any such Work Product.

(b) Contractor shall not use any third party owned, licensed, or other proprietary information to perform the Services or to create or be incorporated into Work Product.

(c) Notwithstanding anything in this Section 10, this Agreement shall not require Contractor to assign or offer to assign any of Contractor's rights to Company in Pre-Existing Materials. "Pre-Existing Materials" are materials, including but not limited to data, modules, components, software, designs, utilities, subsets, objects, program listings, tools, models, methodologies, programs, systems, analysis frameworks, leading practices, and specifications owned or developed by Contractor prior to, or independently from, his performance of Services under this Agreement, or any other material or invention as to which applicable state law prohibits or renders unenforceable an assignment by Contractor to Company. Contractor has listed on the signature page to this Agreement any works of authorship, technology, inventions, discoveries, ideas, and other work product of any nature that (i) Contractor owns or in which Contractor has an interest and that Contractor created, made or acquired prior to Contractor

performing Services under this Agreement, and (ii) may relate to Company's business or actual or demonstrably anticipated research or development, and (iii) are not to be assigned to Company ("Prior Inventions"). If no such list is attached or if it is blank, Contractor represents and warrants that no Prior Inventions exist as of the date of this Agreement. The listing of any item on such list is not an acknowledgement that such item in fact qualifies as a Prior Invention or Pre-Existing Material.

(d) No Pre-Existing Materials or Prior Inventions will be embedded or incorporated into any Work Product unless agreed by the Company in advance in writing and such Pre-Existing Materials or Prior Inventions are specifically identified and described in the Agreement, and in such event Contractor grants to the Company a perpetual, worldwide, non-exclusive, paid up, unlimited license to use, copy, modify and redistribute such Pre-Existing Materials or Prior Inventions in connection with the Work Product or such other rights as the Company may require. Contractor agrees that (a) if Contractor uses any Prior Inventions and/or Pre-Existing Materials in the scope of his performance of Services under this Agreement or if Contractor includes any Prior Inventions and/or Pre-Existing Materials in any Work Product or other product or service of Company, or if Contractor's rights in any Prior Inventions and/or any Pre-Existing Materials may block or interfere with, or may otherwise be required for, the exercise by Company of any rights assigned to Company under this Agreement (each, a "License Event"), (i) Contractor will immediately notify Company in writing, and (b) Contractor hereby grants to Company a non-exclusive, perpetual, transferable, fully-paid, royalty-free, irrevocable, worldwide license, with rights to sublicense through multiple levels of sublicensees, to reproduce, make derivative works of, modify, improve, distribute, publicly perform, and publicly display in any form or medium (whether now known or later developed), make, have made, use, sell, import, offer for sale, and exercise any and all present or future rights in, such Prior Inventions and/or Pre-Existing Materials. To the extent that any third parties have any rights in or to any Prior Inventions or any Pre-Existing Materials, Contractor represents and warrants that such third party or parties have validly and irrevocably granted to Contractor the right to grant the license stated above.

(e) In respect to enjoined materials, Contractor agrees that should the Company's use of any Work Product furnished to the Company be enjoined by any court, then at the Company's sole discretion and direction, Contractor shall (i) promptly obtain, at no expense to the Company, the right for the Company to continue the use of the items so enjoined; (ii) at no expense to the Company, provide the Company promptly with substitute items that are functionally equivalent to the enjoined products. The foregoing shall be in addition to, and not in limitation of, any other remedies available to the Company in law or equity.

(f) Contractor shall promptly make a complete written disclosure to the Company of each invention, discovery, device, or procedure whether patentable or not (hereinafter referred to as "Disclosed Subject"), conceived or first actually reduced to practice, solely or jointly, by Contractor as a result of Services performed hereunder. As to each such Disclosed Subject, Contractor shall specifically point out the features or concepts which Contractor believes to be new or different.

11. CONFIDENTIALITY.

(a) Confidential Information. Contractor understands and acknowledges that during the course of his engagement by the Company as an independent contractor, he will have access to and learn about confidential, secret and proprietary documents, materials, data and other information, in tangible and intangible form, including without limitation, information relating to the Company, its Affiliates and other related entities, and each such entities' technology and technical processes, products, services, and existing and prospective Clients, suppliers, vendors, investors and other associated third parties (collectively, "Confidential Information"). Contractor further understands and acknowledges that this Confidential Information and Company's ability to reserve it for the exclusive knowledge and use of the Company is of great competitive importance and commercial value to the Company, and that improper use or disclosure

of the Confidential Information by Contractor will cause irreparable harm to Company, for which remedies at law will not be adequate.

For purposes of this Agreement, Confidential Information means proprietary business and other information of the Company which is confidential and not generally known to, or readily ascertainable by, competitors of the Company including, but not limited to: Client lists (including lists of potential Clients); information regarding Client relationships, needs, or practices; skills, experience, compensation, incentives, and evaluations for employees; nonpublic financial information; sources of supply; processes; strategic plans; business methods; investment strategies and plans; sales and marketing plans and materials; future market and product plans; pricing information; research and development techniques, procurement practices, processes, product development, work processes or methodologies; analytical analyses; product analyses; inventions, formulas, or techniques; efficiency data and testing data; technology; drawings, engineering, code, code writing, software and hardware development and platform information; and internal memoranda and policies.

Contractor understands that the above list is not exhaustive, and that Confidential Information also includes other information that would appear to a reasonable person to be confidential or proprietary in the context and circumstances in which the information is known or used.

Contractor understands and agrees that Confidential Information developed by him in the course of performing Services under this Agreement shall be subject to the terms and conditions of this Section 11 as if the Company furnished the same Confidential Information to Contractor in the first instance. Confidential Information shall not include information that is generally available to and known by the public or in the Company's industry, provided that such disclosure to the public or within Company's industry is through no direct or indirect fault of Contractor or person(s) acting in concert with Contractor or on Contractor's behalf.

(b) Disclosure and Use Restrictions. Contractor agrees and covenants: (i) to treat all Confidential Information as strictly confidential; (ii) not to directly or indirectly disclose, publish, communicate or make available Confidential Information, or allow it to be disclosed, published, communicated or made available, in whole or part, to any third party without the prior written consent of an Authorized Officer acting on behalf of Company in each instance; (iii) to use the Confidential Information solely in connection with the business of the Company; and (iv) not to access or use any Confidential Information, and not to copy any documents, records, files, media or other resources containing any Confidential Information, or remove any such documents, records, files, media or other resources from the premises or control of the Company, except as required in the performance of Contractor's Services under this Agreement or with the prior written consent of an Authorized Officer acting on behalf of the Company in each instance (and then, such disclosure shall be made only within the limits of such consent or to the extent necessary to perform such Services). Nothing herein shall be construed to prevent disclosure of Confidential Information as may be required by applicable law or regulation, or pursuant to the valid order of a court of competent jurisdiction or an authorized government agency, provided that the disclosure does not exceed the extent of disclosure required by such law, regulation or order. Contractor shall provide written notice of any such order to an Authorized Officer within three days of receiving such order, but in any event sufficiently in advance of making any disclosure to permit the Company to contest the order or seek confidentiality protections, as determined in the Company's sole discretion.

These restrictions also do not apply to truthful statements or disclosures about alleged unlawful employment practices, nor do they prohibit, prevent, or otherwise restrict Contractor from: (a) reporting any good faith allegations of unlawful conduct to federal, State, or local officials for investigation, including, but not limited to, alleged criminal conduct and unlawful employment practices; (b) participating

in a proceeding with any government agency enforcing employment laws; (c) making any truthful statements or disclosures required by law, regulation, or legal process; or (d) requesting or receiving confidential legal advice.

(c) Duration of Confidentiality Obligations. Contractor understands and acknowledges that his obligations under this Agreement with regard to any particular Confidential Information shall commence immediately upon Contractor first having access to such Confidential Information (whether before or after he begins his independent contractor relationship with the Company) and shall continue during and after his engagement by the Company until such time as such Confidential Information has become public knowledge other than as a result of Contractor's breach of this Agreement or breach by those acting in concert with Contractor or on Contractor's behalf.

(d) DTSA Immunity. Contractor understands that notwithstanding the foregoing, nothing in this Agreement prohibits Contractor from resisting, opposing, reporting to, or assisting any government authority in the investigation of, any possible violations of law or regulation and that he may disclose Confidential Information that qualifies as a trade secret under 18 U.S.C. §1839(3) to a government official or to an attorney and use it in certain court proceedings without fear of prosecution or liability, provided Contractor does so consistent with 18 U.S.C. §1833.

12. **NON-DISPARAGEMENT.** Contractor agrees and covenants that he/she/it will not at any time make, publish or communicate to any person or entity or in any public forum (including without limitation, social media) any defamatory or disparaging remarks, comments or statements concerning the Company's, or its Affiliates', products or services, or make any maliciously false statements about the Company's employees, contractors, officers, or representatives. This paragraph does not prevent Contractor from making truthful statements or disclosures about alleged unlawful employment practices, nor does it prohibit, prevent, or otherwise restrict Contractor from: (a) reporting any good faith allegations of unlawful conduct to federal, State, or local officials for investigation, including, but not limited to, alleged criminal conduct and unlawful employment practices; (b) assisting in an investigation by, or otherwise participating in a proceeding with, any government agency enforcing employment laws; (c) making any truthful statements or disclosures required by law, regulation, or legal process; (d) discussing the terms and conditions of employment with others to the extent expressly permitted by Section 7 of the National Labor Relations Act; (e) initiating communications directly with, responding to an inquiry from, or providing testimony before the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), any other self-regulatory organization, or any other federal or state regulatory authority; (f) requesting or receiving confidential legal advice; or (g) making any other disclosures that are protected under the whistleblower provisions of applicable law.

13. **NON-SOLICITATION.** In consideration of the covenants and agreements contained in this Agreement, and based on the understanding that Contractor will be given access to Clients and highly confidential and proprietary information, which Contractor acknowledges to be good and valuable consideration for his obligations under this Section 13, Contractor hereby agrees to the following:

(a) Employee Non-Solicitation. During the term of this Agreement and for a period of twelve (12) months immediately following the termination of Contractor's engagement with the Company for any reason, or from the entry by a court of competent jurisdiction of a final judgment enforcing these restrictions, whichever is later, Contractor will not, individually or in concert with any other person or organization, solicit any employee, contractor, officer, agent, or representative of the Company or its Affiliates to leave his employ or terminate his relationship with the Company or its Affiliates for alternative employment, or hire or offer employment to any person to whom Contractor actually knows the Company has offered employment.

(b) Client Non-Solicitation. During the term of this Agreement and for a period of twelve (12) months after termination of Contractor's engagement with the Company for any reason, or from the entry by a court of competent jurisdiction of a final judgment enforcing these restrictions, whichever is later, Contractor will not solicit or interfere with the business relationships between the Company and its (i) Clients, Client accounts that the Company or an Affiliate has contracted to purchase, known prospective Clients, and known Client accounts' contacts; and/or (ii) vendors or other service providers, if such solicitation is not for the benefit of the Company.

(c) Additional Covenants of Contractor.

i. Contractor agrees that his work for the Company has brought him and/or will bring him into close contact with many of the Company's Clients, prospective Clients, vendors, and access to the Company's Trade Secrets, technology, and Confidential Information. Contractor further agrees that the covenants in this Agreement are reasonable and necessary to protect the Company's legitimate business interests, which include, but are not limited to, its Confidential Information, Trade Secrets, and products, as well as the goodwill and substantial relationships the Company has acquired with its Clients, prospective Clients, vendors, and/or other service providers.

ii. Contractor acknowledges that the Company's relationships with its employees are special and unique, and that the Company's relationship with its employees may not be able to be replaced by the Company. Contractor further acknowledges that the protection of the Company's employees and business is essential.

iii. Recognizing that these limitations permit Contractor to continue working in the same industry without any interruption during the term of this Agreement and thereafter while necessary to protect the Company's legitimate business interests in its Trade Secrets; Confidential Information; products; relationships with its Clients, prospective Clients, vendors, and employees; and other protectible business interests, Contractor agrees that the above restrictions, including the scope of the restricted activities and the short duration, are reasonable. Contractor further agrees that these limitations are reasonable given the highly competitive nature of the Company's business and are required for the Company's protection based upon numerous factors including the knowledge and information to which Contractor will have access during his employment with the Company. Contractor also agrees that enforcement of the terms in this Section 13 will not impose a hardship on Contractor or deprive him of the ability to earn a living and understands that this representation is material to the Company's decision to engage Contractor as an independent contractor. For the avoidance of doubt, Contractor is not prohibited from working for another business or entity, as long as such engagement does not interfere to any reasonable degree with Contractor's performance of Services under this Agreement, create any conflict of interest, or violate any other provision of this Agreement.

(d) Definitions.

i. "Client" means any client or customer of the Company or its Affiliates with whom Contractor has had contact in connection with the performance of Contractor's Services under this Agreement, or whose accounts were supervised by or assigned to Contractor or with regard to which Contractor received compensation or Confidential Information, at any time during the term of this Agreement or at any time during Contractor's engagement with the Company or, if the Agreement has terminated, at any time during the twelve (12) month period immediately preceding the termination of this Agreement.

ii. “Trade Secrets” means information of the Company or its Affiliates, including but not limited to, Confidential Information that qualifies as a trade secret under 18 U.S.C. §1839(3), or any other technical or non-technical data, formula, pattern, compilation, program, device, method, technique, drawing, process, financial data, or list of actual or potential Clients, vendors, or suppliers that: (A) is sufficiently secret to derive independent economic value, actual or potential, from not being known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use, and (B) is the subject of efforts to maintain its secrecy that are reasonable under the circumstances.

iii. “Affiliates” means (i) all persons and entities controlling, controlled by, under common control with, or owning an equity interest in the Company, (ii) all entities in which the Company owns an equity interest, including, Aberdeen Labs LLC, and (iii) all predecessors, successors, assignees, members, managers, shareholders, owners, officers, directors, employees, agents, attorneys and insurers of the Company or an Affiliate included above.

(e) Blue-Penciling. If any court determines that any of the above restrictive covenants, or any part thereof, is unenforceable because of the duration or other scope of such provision, such court shall have the power to reduce the duration or scope of such provision, as the case may be, and, in its reduced form, such provision shall then be enforceable.

14. **RIGHTS AND REMEDIES UPON BREACH.** Contractor acknowledges that a breach or threatened breach of Sections 11, 12, and 13 of this Agreement will cause substantial and irreparable injury to the Company and such injury is not compensable in monetary damages. Contractor hereby covenants and agrees that if Contractor breaches or threatens a breach of any of the terms of Sections 11, 12, and 13 of this Agreement, or if any action or proceeding is instituted by the Company to enforce any of the terms under Sections 11, 12, or 13 of this Agreement, the Company shall have, in addition to all other remedies available at law or in equity, the right to immediate entry of injunctive or other equitable relief without the requirement of posting any bond or security therefor. In the event the enforceability of any of the covenants in this Agreement are challenged in court, the applicable time period as to such covenant shall be deemed tolled upon the filing of the lawsuit challenging the enforceability of this Agreement until the dispute is finally resolved and all periods of appeal have expired.

15. **INDEMNIFICATION.** Contractor shall indemnify and hold harmless Company, its directors, officers, affiliates, agents, and employees (“Indemnitees”) from and against any and all liability, claims, demands, damages, losses, and expenses, including but not limited to attorney’s fees, resulting from negligent acts, errors, or omissions, whether active or passive, of Contractor, its directors, managers, partners, agents, employees, and subcontractors in performance of Services required by this Agreement. Liability, claims, demands, damages, losses, or expenses resulting from the negligent acts, errors, or omissions, whether active or passive, of Company, its directors, managers, agents, employees, are excluded from Contractor’s obligations pursuant to this section.

Contractor shall indemnify and hold harmless Indemnitees from all claims, losses, harm, liabilities, damages, costs, expenses (including, but not limited to, attorney fees) and royalties arising out of or in connection with any claims, action, suit or proceeding based upon infringement (or alleged infringement) of any patent, copyright, trade name or trademark, or upon Contractors’ wrongful use (or alleged wrongful use) of any confidential or proprietary concept, method, process, product, writing, information or other item, and arising out of, or in connection with, this Agreement, performance of the Services or the use of any of Contractor’s deliverables hereunder.

If any of Contractor’s Services or deliverables constitute an infringement of any patent, copyright, trade name or trademark, or wrongful use of any confidential or proprietary concept, method, process,

product, writing, information or other item, Contractor shall at his expense either (1) procure for Company and its Indemnitees the right to use the infringing item; (2) replace the infringing item with a substantially equal but non-infringing item; or (3) modify the infringing item so that it becomes non-infringing.

16. **INJURIES.** Contractor acknowledges Contractor's obligation to obtain appropriate insurance coverage for the benefit of Contractor (and Contractor's employees, if any). Contractor waives any rights to recovery from the Company for any injuries that Contractor (and/or Contractor's employees) may sustain while performing Services under this Agreement and that are a result of the negligence of Contractor or Contractor's employees. Contractor will provide the Company with a certificate upon the Company's request.

17. **NO RIGHT TO ACT AS AGENT.** An "employer-employee" or "principal-agent" relationship is not created merely because (1) the Company has or retains the right to supervise or inspect the work as it progresses in order to ensure compliance with the terms of this Agreement or (2) the Company has or retains the right to stop Services performed improperly. Contractor has no right to act as an agent for the Company and has an obligation to notify any involved parties that it is not an agent of the Company.

18. **NOTICES.** All notices required or permitted under this Agreement shall be in writing and shall be deemed delivered when delivered via email:

Company
Simon@Aberdeenadv.com
Phil@Aberdeenadv.com

Contractor
Alec Blair (Stealth EA)
alec@stealthEA.com

Such addresses may be changed from time to time by either Party by providing written notice in the manner set forth above.

19. **ENTIRE AGREEMENT.** This Agreement, including exhibits, contains the entire agreement of the Parties concerning the matter contemplated herein, and there are no other promises or conditions in any other agreement, whether oral or written. This Agreement supersedes any prior written or oral agreements between the Parties. This Agreement may be modified or amended, if the amendment is made in writing and is signed by Contractor and an Authorized Officer.

20. **SEVERABILITY.** If any provisions of this Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provision it would become valid or enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

21. **SUCCESSORS AND ASSIGNS.**

(a) Assignment by the Company. The Company may assign this Agreement to any subsidiary or Affiliate, including without limitation, Aberdeen Labs, LLC, or to any successor or assign (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business or assets of the Company. This Agreement shall inure to the benefit of the Company and permitted successors and assigns.

(b) No Assignment by Contractor. Contractor may not assign this Agreement or any part hereof. Any purported assignment by Contractor shall be null and void from the initial date of the purported assignment.

22. **WAIVER OF CONTRACTUAL RIGHT.** The failure of either Party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that Party's right to subsequently enforce and compel strict compliance with every provision of this Agreement.

23. **ATTORNEYS' FEES AND COSTS.** Contractor shall pay the Company's reasonable attorneys' fees and other costs incurred in enforcing or defending any claim or dispute between the Parties (a) arising under or in connection with this Agreement and (b) as to which the Company is the prevailing party.

24. **GOVERNING LAW; JURISDICTION AND VENUE.** The interpretation and construction of this Agreement, and all matters relating hereto (including, without limitation, the validity or enforcement of this Agreement), shall be governed by the laws of the State of Illinois without regard to its conflicts or choice of law rules that would result in the application of the law of any other jurisdiction. Each Party hereby irrevocably submits to the exclusive jurisdiction of any state or federal court in Cook County and DuPage County, Illinois in any action, suit or proceeding arising out of or relating to this Agreement or any of the transactions contemplated hereby, and agrees that any such action, suit or proceeding shall be brought only in such court. Each party hereby irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such action, suit or proceeding brought in such a court and any claim that any such action, suit or proceeding brought in such a court has been brought in an inconvenient forum. **EACH PARTY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED IN THIS AGREEMENT.**

25. **GENDER, HEADER, AND REFERENCE USAGE.** This Agreement will in all events be construed as a whole, according to its fair meaning, and not strictly for or against a Party merely because that Party (or the Party's legal representative) drafted the Agreement. The headings, titles, and captions contained in this Agreement are merely for reference and do not define, limit, extend, or describe the scope of this Agreement or any provision herein. Unless the context clearly requires otherwise, any gender-specific or gender-neutral term in this Agreement (for example, he, she, it, etc.) is to be read as referring to each gender and to the neutral gender.
